# Total Post-Earthquake USG Funding to Haiti Summary

***All Accounts[1] - As of March 31, 2014***

| *Totals may not add up due to rounding* | Available funding through 3/31/2014 | Obligations | Disbursements | % of Available Funding Disbursed |
|---|---|---|---|---|
| **Humanitarian Relief Assistance** | $1.3 billion | $1.3 billion | $1.3 billion[2] | 100% |
| **Recovery, Reconstruction & Development Assistance** | $2.6 billion | $1.9 billion | $1.5 billion | 58% |
| **TOTAL** | **$3.9 billion** | **$3.2 billion** | **$2.8 billion** | **72%** |

**Future spending**

The FY 2014 Office of U.S. Foreign Assistance Haiti request to Congress is approximately $291 million.

**Terms**

**Obligations:** For the purposes of the USAID spending reflected in this chart, obligations consist of legally-binding agreements that place funds into grants and contracts with implementing partners. Transfers of USAID funds to other entities such as the Multi-Donor Trust Fund are considered fully obligated and disbursed.

**Disbursements:** Payments that liquidate obligations; i.e., usually payments made to USG implementing partners as work is done.

*[1] : The Recovery, Reconstruction & Development Assistance category captures data from the Office of U.S. Foreign Assistance Haiti budget for fiscal years 2010 (Base & Supplemental), 2011, 2012, 2013, and debt relief.*

*[2] : Remaining undisbursed humanitarian assistance amounts that may appear on USG reports reflect the slowness of payments and transfers for work already done and are thus counted as disbursed.*
